PROFESSIONAL SUMMARY

Passionate Computer Science Engineering student and Full-Stack Developer with hands-on experience in building user-focused web applications, IoT solutions, and digital management platforms. Proficient in the MERN stack, Django framework, software testing, and modern version control workflows. Demonstrated strength in technical leadership, problem solving, and public speaking with a solid foundation in software development life cycle (SDLC) best practices.

TECHNICAL SKILLS

Languages & Frameworks:	React.js, Django, MERN Stack (MongoDB, Express.js, React, Node.js), JavaScript, HTML5, CSS3
Tools & Systems:	Git, GitHub, Unix/Linux Environment, Internet of Things (IoT), Generative AI, Prompt Engineering
Core Methodologies:	Agile Methodologies, Scrum, Software Testing (SDLC/STLC), Full-Stack Development, Version Control
Soft Skills & Leadership:	Technical Leadership, Public Speaking, Problem Solving, Cross-Functional Team Collaboration

WORK EXPERIENCE

Softmusk Solutions Pvt. Ltd.	June 2025 – August 2025
Software Development Intern	Belgaum, Karnataka, India
- Architected and developed LandAccess+, a digital land registration and supervision platform designed for site access management. - Engineered backend database schemas and REST APIs utilizing the Django Framework and MongoDB. - Integrated React.js frontend modules with Internet of Things (IoT) hardware devices for dynamic, real-time supervision and tracking. - Participated in Agile sprint planning, code reviews, and quality assurance testing to ensure application reliability.	

PROJECTS

RTO Web Help Application	July 2025 – February 2026
Full-Stack MERN Project (Associated with MSBTE)	Academic Capstone
- Designed and deployed a full-stack web application using the MERN Stack to streamline traffic violation reporting and complaint processing. - Built user-friendly portals enabling citizens to report road safety issues, track real-time complaint status, and communicate securely with transport authorities. - Enhanced administrative efficiency and transparency through automated data handling and responsive user interfaces.	

EDUCATION

University of Mumbai	July 2026 – Present
Bachelor of Engineering (B.E.) in Computer Science	Mumbai, India
Maharashtra State Board of Technical Education (MSBTE)	July 2023 – June 2026
Diploma in Computer Engineering Grade: 88.40%	Maharashtra, India
Activities & Leadership: Active Student Council Member, student event coordinator, and technical workshop lead.
